Our Mission

The staff, of Galilee Veterans Support Program (GVSP), strive to be pro-active in providing efficient and relevant services to meet the needs of veterans, active-duty service personnel, their spouses and children.

The GVSP interfaces with the United States Department of Veteran Affairs to insure that information provided is current.

Galilee Veterans Support Program

...addressing veteran needs...

The Galilee Veterans Support Program (GVSP) strives to empower veterans, active-duty service personnel, and their families.

The program addresses personal and family needs; provides workshops and events that cover post-traumatic stress, military benefits, and local social service information.

GVSP keeps abreast of newly released military information, laws, grants, and upcoming military-related national and local activities. Staff provide support and guidance in addressing housing, employment, and family dynamics. Staff coordinate special events and recognition activities.

Monthly meetings allow for one-on-one, small and large group interactions and discussions.

Participants may be referred to other veteran service programs to participate in additional mentoring, counseling, and help-related activities.

We salute our service partner...
